To Whom It May Concern:

This is a letter of recommendation for Gabriel Shaw. I have known Gabriel since February of 2012, when he started working with me at Memorial Central Hospital in the Emergency Department. Gabriel is a joy to work with. He has a strong work ethic. He does what needs to be done, does it quickly and always has a smile on his face. He is a genuinely nice man who is very customer service oriented. He likes to learn from the different medical conditions that bring patients to the ER and asks pertinent questions to help him better understand their disease. He is also patient with our clientele, who can be quite demanding at times.

I have to say that Gabriel is in the top 5% of the technicians whom I have worked with over the past 25 years. He is happy to work, wants to improve his skills and understanding and is very good with people.
