To Whom It May Concern:

Gabriel Shaw has served as an Emergency Technician in our Department for a year and a half. In that time, he has demonstrated tremendous improvement in both skills and clinical knowledge. It would be my pleasure to highly recommend Gabriel.

As Emergency Medicine is inherently stressful, Gabriel's positive attitude makes him easy to work alongside. Gabriel's bedside manner clearly illustrates his customer service experience. While continuously polite, he has no problem seeing what needs to be done and can be assertive when necessary to initiate processes.

Through personal ambition, Gabriel has been able to advance his skills through courses such as IV Therapy and ED Trauma Training. I would be glad to recommend Gabriel for any job or study program that encourages his growth.

Sincerely,  
Mark Storm, M.D.
